01 — ABOUT US

A Trusted Shipping Partner in Indonesian Waters

PT Quanta Indonesia (QI) is a shipping company engaged in sea transportation services using tugboat-towed barges, established in 2000.

In June 2024, QI was taken over by new management and a new organizational structure, then began operations by chartering 2 sets of Tug Boat & Barge vessels (Time Charter). The company operates in accordance with international SOLAS safety standards.

Answering Indonesia's Maritime Connectivity Needs

PT Quanta Indonesia was established as a company specializing in shipping and marine transportation services, with the objective of providing safe, efficient, professional, and reliable transportation solutions.

The company was founded to meet the growing demand for maritime transportation in supporting the distribution of various commodities, including coal, crushed stone (split stone), minerals, crude palm oil (CPO), palm fatty acid distillate (PFAD), and other bulk cargoes.

OUR VISION

“To become one of the most reliable and professional shipping companies, and to support the shipping industry at large.”

COMPANY VALUES

Core Values

Safety

No task is more important than safety.

Integrity

Upholding honesty, compliance, and ethics.

Compliance

Complying with all national, international, and maritime industry standards.

Operational Excellence

Prioritizing reliability, efficiency, and service quality.

Customer Focus

Delivering responsive, value-driven service to customers.

Respect for People & Environment

Respecting every individual and preserving the marine environment.

In carrying out its business operations, PT Quanta Indonesia provides vessel chartering and marine transportation services through its fleet of tugboats and barges, both company-owned and operated in collaboration with vessel owners and business partners.

By prioritizing safety, punctuality, operational efficiency, and customer satisfaction, PT Quanta Indonesia is committed to becoming a trusted and competitive maritime transportation partner in Indonesia.

OUR MISSION

- 01 To provide safe, efficient, timely, and high-quality marine transportation services.
- 02 To deliver flexible vessel chartering and marine transportation solutions tailored to customers' needs.
- 03 To build strong and sustainable partnerships with customers, vessel owners, and business partners.
- 04 To uphold safety, professionalism, integrity, and customer satisfaction in every aspect of our operations.
- 05 To achieve sustainable business growth through continuous enhancement of our fleet, human resources, and service quality.

Through reliable fleet management and strong operations, the company delivers value to customers and partners, and is committed to growing into a trusted, competitive shipping company that supports Indonesia's maritime development.
